

# Martenson & Eisele, Inc.

Plan It. Design It. Build It.®

Planning - Environmental - Surveying - Engineering - Architecture

We want to Congratulate Wally Sedlar on his latest accomplishment of receiving a Remote Pilot Certificate for Drones, from the Federal Aviation Administration!! He is now able to assist you with aerial photography and videography for your project needs; images for real estate property inspections, assist roofing companies, soil and field analysis (drones produce precise 3-D maps for early soil analysis and provide data for irrigation and nitrogen-level management), wetland inspections, etc. Give M&E a call at 920-731-0381 or contact Waly at [wallys@martenson-eisele.com](mailto:wallys@martenson-eisele.com) and he would be happy to assist you!
