

Martenson & Eisele, Inc.

Plan It. Design It. Build It.®

Planning - Environmental - Surveying - Engineering - Architecture

Phase 1 of this new multi-family development is currently underway in the Village of Harrison. Five buildings will be constructed initially, with 8 units each. The site has been designed for up to an additional 258 units depending upon demand. Each unit contains three bedrooms and includes a master suite, gas fireplace, covered balcony or patio, and direct access to a 2-car garage. Interior finishes include maple cabinets, ceramic tile, stone fireplace surround and stainless-steel appliances. Martenson & Eisele architects teamed up with Millennium Construction <https://www.millenniumconstructionwi.com/> for building design.
